Modular Electromagnetic Simulations and Inversions

with applications to reservoir imaging

by

Lindsey J. Heagy

B.Sc. Geophysics, University of Alberta, 2012

A THESIS SUBMITTED IN PARTIAL FULFILLMENT
OF THE REQUIREMENTS FOR THE DEGREE OF

Doctor of Philosophy

in

THE FACULTY OF SCIENCE
(Earth, Ocean and Atmospheric Sciences)

The University of British Columbia
(Vancouver)

May 2017

Abstract

A thesis.

Revision: January 8, 2017

Preface

Contribution of each chapter and my role in it.

Table of Contents

Abstract . . . . . **ii**

Preface . . . . . **iii**

Table of Contents . . . . . **iv**

List of Tables . . . . . **vi**

List of Figures . . . . . **vii**

Acknowledgments . . . . . **viii**

Dedication . . . . . **ix**

1 Introduction **1**

1.1 Motivation 1

1.2 Thesis Outline 1

2 Physical properties across multiple length scales **2**

3 A Framework for numerical simulations and Inversions of Maxwells Equations **3**

4 Electromagnetic fields and fluxes in the presence of steel cased wells . . 4

5 Approach for Simulating and Inverting EM data in the presence of Steel Cased Wells 5

6 Inversion Incorporating A-priori Information 6

7 Conclusions and Future Work 7

Bibliography 8

A Framework for Geophysical Simulations and Inversions 9

A.1 Introduction 9

A.2 Attribution and Dissemination 9

B Dissemination 10

Chapter 1

Introduction

1.1 Motivation

1.2 Thesis Outline

Chapter 2

Physical properties across multiple length scales

Chapter 3

A Framework for numerical simulations and Inversions of Maxwells Equations

Chapter 4

Electromagnetic fields and fluxes in the presence of steel cased wells

Chapter 5

Approach for Simulating and Inverting EM data in the presence of Steel Cased Wells

Chapter 6

Inversion Incorporating A-priori Information

Chapter 7

Conclusions and Future Work

Bibliography

Appendix A

Framework for Geophysical Simulations and Inversions

A.1 Introduction

A.2 Attribution and Dissemination

Appendix B

Dissemination
